

Recruitment of 26-27 Team KKC (Parent Volunteer Team)

5th October, 2026

Dear Parents,

Our school established **Team KKC**, a parent volunteer team, in 2024. The team aims to provide parents with volunteer training and opportunities to support school activities and community services. Through joining the team, parents can make good use of their strengths, develop a spirit of care and mutual support, and set a positive example for our children.

The programme consists of three phases:

1. **Phase 1: Volunteer Training**

Parents are required to attend three training sessions before participating in volunteer services.

2. **Phase 2: Volunteer Services**

Parents will put what they have learned into practice by taking part in volunteer work.

3. **Phase 3: Volunteer Achievement Sharing Session**

This session will review the team's work and share its achievements during the year.

We are now recruiting new members for **Team KKC** and sincerely invite all parents to participate. Details of the activities are as follows:
